

Extended Cookie Policy

In order to make its services as efficient and easy to use as possible this Site makes use of Cookies. Cookies are small pieces of data that allow us to match new visitors and understand how users navigate the Site. Data collected through Cookies are used to make browsing more efficient.

Cookies do not record any personal information about users and any identifiable data is not stored. Users can configure their browsers at any time to refuse Cookies or to signal when a Cookie is being sent. To this end, each User can find the information needed to disable Cookies in the functions of their browser.

There are different types of Cookies, but essentially the main purpose of a Cookie is to make the Site work more efficiently and to enable certain features of the Site. Cookies are used to improve the User's overall navigation.

How can I control the installation of Cookies?

The installation of Technical Cookies does not require the prior consent of Users.

For Profiling Cookies, on the other hand, user consent is required.

Keep in mind that if Cookies are disabled, some features of the Site may not perform as desired.

You can block all types of Cookies, or you can agree to receive only some and disable others. The "Options" or "Preferences" section in your browser menu allow you to opt out of receiving Cookies and other User tracking technologies, and how to get notification from your browser of the activation of these technologies. Alternatively, you can also consult the "Help" section of the toolbar found in most browsers.

In addition, again through your browser preferences you can also delete any Cookies you have installed in the past, including the Cookie in which consent to the installation of Cookies by this Site is possibly saved. It is important to note that by disabling all Cookies, the operation of this Site may be impaired. You can find information on how to manage Cookies in your browser at the following addresses: [Google Chrome](#), [Mozilla Firefox](#), [Apple Safari](#) and [Microsoft Windows Explorer](#).

Access to Data as Cookies

Cookie data are processed, for the purposes described, not only by the Data Controller's internal employees specially assigned to the management of the websites and/or to the processing of such data, but also by external companies specially assigned External Data Processors.

Further information regarding data processing - contacts to exercise rights

Further information regarding the processing of personal data on the site, can be found in the Privacy Policy.
